Grading: The University policy on grading and related matters is described sections F.1 and F.2 of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Assignments (04)	28%
Midterm Test	24% (Thursday, March 02, in class)
Class Participation	08%
Final Examination	40% (To be scheduled by the registrar)

Each piece of work (assignment, laboratory report, midterm test or final examination submitted by the student will be assigned a percentage score. The student's average percentage score for the various components listed above will be combined with the indicated weights to produce an overall percentage for the course, which will be used to determine the course letter grade (bearing in mind that a passing grade in the final examination is necessary for an overall grade of C- or better). The conversion between course percentage and letter grade is given below.

% Grade	95-100	90-94	85-89	80-84	75-79	70-74	65-69	60-64	56-59	50-55	0-49
Letter Grade	A+	A	A-	B+	B	B-	C+	C	C-	D	F

2. Missed Components of Term Work: The regulations of the Faculty of Science pertaining to this matter are found in the Faculty of Science area of the Calendar in [Section 3.6](#). It is the student's responsibility to familiarize himself/herself with these regulations. See also Section E.6 of the University Calendar. In the unlikely event of a health problem, the [Physician/Counsellor Statement Form](#) must be accompanied by either "[Application for Deferred Final Examinations](#)" or an "[Application for Deferment of Term Work](#)" in order to gain approval for such request. For all other missed term work such as quizzes, assignments or midterms, the [Physician/Counsellor Form](#) must be handed directly to your course instructor for approval.

3. Course Materials: *Numerical Analysis: Mathematics of Scientific Computing* by Kincaid and Cheney, 3rd edition, AMS-American Mathematical Society.

4. **Examination Policy:** Midterm and Final exams are open book, and calculators are permitted. Students should also

read the Calendar, [Section G](#), on Examinations.
